To be filled out by dealer/installer:

Date of installation: _____

Pool size sq. ft.: _____ Type of roof: _____

Panel size: _____ Number of panels: _____

Company name: _____

TEN YEAR LIMITED WARRANTY ON AQUASOL SOLAR COLLECTOR

1. Coverage: This Warranty issued by the AquaSol Division of ELM Distribution, hereinafter referred to as "AQ", applies to unglazed polymer absorber plates purchased for use on swimming pools, spas or hot tubs, and installed in the United States of America. It extends to the first retail buyer on whose premises the equipment is initially installed.
2. Ten Year Parts Warranty on the Solar Collector: AQ warrants that the AquaSol unglazed polymer swimming pool solar collectors shall be free from defects in material and passages. If a defect becomes evident within ten (10) years from the date of initial installation, AQ will repair, or at its option replace the solar collector within a reasonable time and at no charge for parts. The replacement may be new or factory rebuilt. AQ will be responsible only for the cost of the defective solar collector(s), AQ WILL NOT PAY ANY LABOR COSTS FOR REPAIR, REMOVAL, INSTALLATION OR SHIPPING COSTS.
3. What is Not Covered:
 - A. This warranty does not apply to solar collectors which have not been installed and maintained in strict compliance with AQ's installation and operating manuals and instructions and/or applicable ordinances or codes.
 - B. This warranty does not apply to conditions resulting from misuse, neglect or accident, or to solar collectors which have been damaged by extraordinary or abnormal weather conditions or other cause, thing, person or Act of God.
 - C. This warranty does not apply to any solar collector which has been damaged by internal freezing if all applicable AQ installation, operation and maintenance instructions have not been observed.
 - D. This warranty does not apply to conditions resulting from attempts at repair or alteration by anyone other than a person authorized by AQ to do such repairs or alterations.
 - E. This warranty does not apply to any solar collector on which the serial number/date code label has been altered, effaced or removed.
 - F. No particular level of thermal performance or savings in fuel costs is warranted.
 - G. This warranty does not cover installation hardware, accessories or any component or part which is not part of the solar collector.
 - H. AQ, its distributors, or its dealers will not be liable for consequential damages such as damage to your home, inconvenience, loss of time or use of your solar heating system as a result of the breach of this warranty. SOME STATES DO NOT ALLOW THE EXCLUSIONS OR LIMITATIONS OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.
 - I. AQ will not be responsible for costs associated with investigation or analysis or an alleged defect or any repair charges for claims, which you may make that are not covered by this warranty.
4. What You Must Do: to obtain service on the solar collector, you must notify the installing dealer or the AQ authorized service dealer and give the dealer the specific nature of the defect or malfunction within thirty (30) days from the discovery of any defect. Failure to provide notification within thirty (30) days after discovery of the defect may be deemed a waiver of the warranty in certain states. Within a reasonable period from the time AQ has been notified, AQ will provide a repair method or replacement in accordance with this warranty. To verify that the warranty is still in effect, you must furnish evidence of the date of completion of installation. The warranty registration card is not a condition precedent to coverage under this warranty, but its prompt return may eliminate the need to establish further proof of purchase. If you are unable to provide AQ with proof of date of installation, the basis for determining warranty eligibility will be the manufacturing date of the solar collector. For location of the nearest authorized dealer, write AquaSol Division of ELM Distribution, 11370 Trade Center Drive, Suite 1, Rancho Cordova CA 95742, or call (866) 765-2713.
5. No Other Express Warranties: This is the only warranty given to you covering this product. No other warranty, whether written or verbal, shall be binding on AquaSol Division of ELM Distribution, its distributors or its dealers.
6. What to do if there is a Question Regarding This Warranty: Your satisfaction and goodwill are of primary concern to AQ. In the event a warranty matter is not handled to your satisfaction, the following steps are suggested:
 - A. Discuss the problem with management of your AQ dealer
 - B. Contact the Customer Service Manager at ELM Distribution, 11370 Trade Center Drive, Suite 1, Rancho Cordova CA 95742, or call (866) 765-2713.
